Dear Anita:

Thank you for sending me the survey as you consider endorsements in the upcoming elections.

As a new member of the General Assembly, I along with many others can see that we are facing unprecedented times in our state. During these very difficult times, I do not believe it is prudent to take specific positions on issues that could have a financial or economic impact on the state or local governments until I am able to understand the full policy changes that you describe in your survey.

I understand where you stand on all of these issues and will promise to listen to your positions on these proposals before casting votes.

I want you to know that you can reach out to me anytime to talk about this legislation and others you have described in your survey.

Please feel free to reach out to me any time to discuss your concerns and ideas.

Sincerely,

Sara Wojcicki Jimenez
State Representative, 99th District
